

# Sagar Koshti

## MERN-STACK DEVELOPER

Passionate Information Technology student with practical experience in React, Next.js, JavaScript, TypeScript, and Android development. Skilled in building efficient, user-centric web and mobile applications. Adept at translating ideas into innovative digital solutions that solve real-world problems and enhance user experience.

## Work Experience

### Internship

JAN 2021 - Beetonz Infotech

- Developed Android apps using Java and XML, integrated APIs, managed SQLite databases, improved performance, and collaborated in Agile teams through code reviews, testing, and implementing client-requested features.

NOV 2022 - Quickint Solutions

- During my internship at Quickint Solutions, I gained practical experience by working on hands-on projects, collaborating with team members, and applying theoretical knowledge to real-world situations, enhancing my problem-solving and technical skills.

MAY 2023 - Quickint Solutions

- Designed and developed responsive web applications using React.js, with reusable components, REST API integration, optimized performance, clean code practices, and ensured cross-device compatibility for an enhanced user experience.

## Project

### E-Commerce

- Developed a responsive jewelry e-commerce website using React.js with features like product listing, dynamic product pages, cart, wishlist, and secure checkout. Focused on elegant UI/UX using Tailwind CSS and integrated REST APIs for seamless data handling.

### File Drop Magic

- Built a real-time file sharing app to upload and share images or documents instantly. Enables seamless file transfer and secure downloads between users with a simple drag-and-drop interface.

## Educational Background

### Bachelor of Information Technology in Engineering

#### Silver Oak University

- From 2021 to 2024, Silver Oak University offers hands-on education blending theory with practical skills.

### Diploma in Information Technology

#### RC Polytechnic

- RC Polytechnic Diploma in Information Technology 2018–2021 Gained skills in software development networking databases and hands-on project experience.
